

AL300 / AL300HD

FUSION LIFT

Toggle switch to raise and lower the platform with ease.

Adjustable wheel cradle

Harmar's patriotic Stars-N-Stripes platforms are engineered for maximum strength.

CONVENIENCE AND VERSATILITY IN ONE

The AL300 features Harmar's Stars-N-Stripes aluminum deck design, dedicated to our veterans and commemorating Harmar's heritage as an American company.

Compatible with most scooters and power wheelchairs, it safely secures the mobility device with four, easy-to-operate, Q'Straint retractors. When empty, the platform automatically folds up and out of the way with the flip of a switch.

MULTIVIEW BACKUP CAMERA

The backup camera that won't be blocked by lift platforms or mobility devices!

Camera mounts to the edge of the platform

In-vehicle moveable display monitor or rearview mirror

Camera lenses are fixed in two positions to automatically provide a clear view when platform is stowed or deployed with a mobility device

Warranty is 1-year (non-transferable)
